

Privacy policy for all TFRM Volunteers

The Father's Rights Movement, (TFRM), is committed to keeping any and all personal information collected of those individuals who volunteer confidential, secure and private. Our privacy policy has been designed and created to ensure those affiliated with TFRM of our commitment and realization of our obligation not only to meet but to exceed most existing privacy standards.

THEREFORE, this Privacy Policy Agreement shall apply to The Father's Rights Movement, and thus it shall govern any and all data collection and usage thereof.

Collection of information

The Father's Right Movement has asked all the volunteers to provide their name and mailing address, phone number and a valid non-TFRM email.

Use of Information Collected

The Father's Rights Movement may collect and make use of personal information to assist in the operation of our website and organization. TFRM is now collecting personal information to verify all employees and volunteers.

The Father's Rights Movement does not now, nor will it in the future, sell, rent or lease any of its employees lists and/or names to any third parties.

The Father's Right Movement employees access to personnel data will only be granted to Regional Managers, Human Resources, and IT functions. *The Board of Directors shall direct their requests to an appropriate member of these three (3) departments and the request shall be documented as to the request and purpose.*

Changes to Privacy Policy Agreement

The Father's Rights Movement reserves the right to update and/or change the terms of our privacy policy, and as such we will post those changes to our website and email, so that our volunteers/employees are always aware of the type of information we collect, how it will be used, and under what circumstances, if any, we may disclose such information. If at any point in time The Father's Rights Movement decides to make use of any personally identifiable information on file, in a manner vastly different from that which was stated when this information was initially collected, all employees/volunteers shall be promptly notified by email. Users at that time shall have the option as to whether or not to permit the use of their information in this separate manner.
